The basis of our costs is by way of fixed fee however unforeseen complexities may arise which affects the overall cost. In these circumstances we will discuss additional costs with you and refer to our hourly rates.

Our fee assumes that:

this is a standard transaction and that no unforeseen matters arise including for example (but not limited to) a defect in title which requires remedying prior to completion or the preparation of additional documents ancillary to the main transaction

this is the assignment of an existing lease and is not the grant of a new lease

the transaction is concluded in a timely manner and no unforeseen complication arise

all parties to the transaction are co-operative and there is no unreasonable delay from third parties providing documentation

no indemnity policies are required. Additional disbursements may apply if indemnity policies are required.

Disbursements are costs which we have to pay out on your behalf, i.e. to third party search providers.
